

YNKEUMALICE - Eumalice/alter ego

**I don't know who he is
He change that's not him
He's gone mad
He's changed
He ain't him**

Poetry

**I looked in the mirror i wasn't
The same person it was from all
The pain , hurt , betrayal and more
I want who i was anymore
I became a new person with an alter ego
Of who i called eumalice well
He's a funny guy he isn't a bad guy
He's just misunderstood by the world
And by the most , he different then i am
He's dark in a good way he's ambiguous
Guy . always doing right going wild
Live life in the dark , he's a loner
He's pal he's a freind , a foe no
He's me my alter ego

The number of balance
Tapping in power
Can't find myself
Im lost but stuck
In myself with my alter ego
In control
I feel me
I been me
They just hate me**

**They don't like me
Like side rip old ways
I ain't a bad guy im nice
I don't bite but im wise
More wise then i should
Being me in the dark
Im the moonlight**

**Find myself who i am not
Find myself who i am not
Find myself who i am not**

**Who am i
Who am i
Who am i**

**Find myself who i am not
Find myself who i am not
Find myself who i am not**

**Who am i
Who am i
Who am i
In the end**
