

Indi Star - Hurt A Little

{Intro}

I want you to hurt a little

{Verse 1}

Been a few weeks since you told me it was the end

Cut to my core on this bathroom floor, you're out with your friends

How is this so easy for you?

You said you love me, guess that wasn't true

Would spend my night crying in bed

{Pre-Chorus}

I don't think it's fair

How you get to sleep at night and show no emotion

Yeah, I noticed

One day I'll get better

I won't think about you twice, no, I'll be golden

But in this moment

{Chorus}

I want you to hurt a little

Split the pain down the middle

Right now it's all on me

Are you even sorry?

I want you to hurt a little

Maybe I'm just bein' bitter

But this should be hard on you

It's the least you could do

I want you to hurt a little

{Verse 2}

I'm letting go, held onto hope that you'd be back

Picture myself with someone else, bet you'd hate that

Maybe then you would see that I'm the one that got away
Is it crazy to believe that you could ever feel the same?

{Pre-Chorus}

I don't think it's fair
How you get to sleep at night and show no emotion
Yeah, I noticed
One day I'll get better
I won't think about you twice, no, I'll be golden
But in this moment

{Chorus}

I want you to hurt a little
Split the pain down the middle
Right now it's all on me
Are you even sorry?
I want you to hurt a little
Maybe I'm just bein' bitter
But this should be hard on you
It's the least you could do
I want you to hurt a little

{Bridge}

Can we trade places if just for a day?
I wanna know how it feels to be okay
It still blows my mind that you're not even phased
What can I say?

{Chorus}

I want you to hurt a little
Split the pain down the middle
Right now it's all on me
Are you even sorry?
I want you to hurt a little

**Maybe I'm just bein' bitter
But this should be hard on you
It's the least you could do
I want you to hurt a little**

{Outro}

I want you to hurt a little
