

## **Whitney Bjerken - Get what u give**

**{Verse 1}**

**Cross it out my mind  
Give me something else to think about  
I'm wasting too much time  
Stuck on what I should have said out loud  
My heart wants to forgive you  
But I couldn't forgive myself  
And I can't feel sorry for you  
'Cause I know you'd send me straight to hell**

**{Chorus}**

**There's a feeling in my chest  
Spreading up and down my neck  
Coldest eyes cutting through my heart  
There's a serpent in my veins  
And it tells me that I should stay  
Tricking my brain not to part  
But I'm not gonna forgive  
Here's the life you gotta live  
And you learn you get what you give**

**{Post-Chorus}**

**Get, get, gĐµt what you give**

**{Verse 2}**

**Sweetest at the start  
You'rĐµ a sparkle in the rain on a cloudy day  
You're like a work of art  
Until the colors of the paint started to melt away  
I gave everything for you  
And you didn't give a piece of yourself**

And when I was going through it  
You pressed on my mental bruises  
You watched me hit the floor as I fell  
{Chorus}

There's a feeling in my chest  
Spreading up and down my neck  
Coldest eyes cutting through my heart  
There's a serpent in my veins  
And it tells me that I should stay  
Tricking my brain not to part  
So I'm not gonna forgive  
Here's the life you gotta live  
'Cause that's what you get

{Bridge}

And boy, I've tried  
To find a reason  
But all I've found  
All I've found are red flags  
The things you said  
Should have been the one way  
So don't complain  
'Cause that's just what you get

{Chorus}

There's a feeling in my chest  
Spreading up and down my neck  
Coldest eyes cutting through my heart  
There's a serpent in my veins  
And it tells me that I should stay  
Tricking my brain not to part  
But I'm not gonna forgive  
Here's the life you gotta live

**And you learn you get what you give**

**{Outro}**

**Get, get, get what you give**

**Get, get, get what you give**

**Get, get, get what you- what you**
