

# Gothic Psychology - This Feeling Is Killing Me

{verse 1}

What else can i say, except you got me off guard  
It's hard to say when your heart is cold and hard  
Beaming and blushing at all the things i say  
And sitting here, i sit and i try to find a way

{pre-chorus 1}

Woe, oh the rot we forgot

{verse 2}

I try to deny whether i want to die today  
Should i go away now, or find a way then  
Feelings locked up and i'm never gonna show them  
Inside a box, i can only ever hold them inside

{pre-chorus 2}

But, does this feel like love

{chorus}

You'll never notice something until it's gone  
And words can't describe how much it's true  
Am i different with him or her than i am with you  
I love you, i do, but do you know that i do

{verse 3}

How come that you're so cool  
Man, i feel like such a fool  
I wanna go back home  
I wanna go back home  
This bummed out feeling that she's over me  
And if she's over me, can i be what i want to be

**{pre-chorus 3}**

**But what if she's over me**

**{chorus}**

**You'll never notice something until it's gone**

**And words can't describe how much it's true**

**Am i different with him or her than i am with you**

**I love you, i do, but do you know that i do**

**{bridge}**

**These thoughts crowd up my head**

**And honestly, i feel dead**

**Maybe it's not meant to be**

**Can i really be who i want to be**

**These thoughts crowd up my head**

**And honestly, i feel dead**

**Maybe it's not meant to be**

**Can i really be who i want to be**

**{chorus}**

**You'll never notice something until it's gone**

**And words can't describe how much it's true**

**Am i different with him or her than i am with you**

**I love you, i do, but do you know that i do**

**You'll never notice something until it's gone**

**And words can't describe how much it's true**

**Am i different with him or her than i am with you**

**I love you, i do, but do you know that i do**

**{outro}**

**Maybe i'm overthinking this**

**Maybe i should just leave instead**

**How about shut up and get out of your head**

**{skit}**

**Finally, i'm done. i need a coke, bro**

**What's that**

**Oh, bet. sasha texted**
