

xoos - Lavender

{ĩĩŠ¤ "Lavender" ê°€ì,-}

{Verse 1}

Late at night

When I'm not around you

Purple sky

Keep spinning in my room

Adrenaline anxiety

Hate that you're the remedy

Exactly what I'm gonna need

{Chorus}

Ooh, you are

My lavender

My lavender

My lavender

You are my stress relief

Come and love me back to sleep

{Verse 2}

Can it be?

The world is turning to ë³'ëž•ë¹,

I keep relyin' on you

Wish I didn't need you to keep me calm

Take away the chills and keep me warm

Every time you touch me, I'm like

{Chorus}

Ooh, you are

My lavender

My lavender

My lavender

You are my stress relief

Come and love me back to sleep

My lavender

My lavender

My lavender

You are my stress relief

Come and love me back to sleep
