

## **BENJIxScarlett - Garten Of Banban 4 Song**

**{Verse}**

**We're Jumbo Jush and Opila Bird  
We're the best duo in case you haven't heard  
They got hit in the back  
Yeah, but still they never die  
Yeah, they coming back to life  
So ya' better think twice, yeah  
Yeah, I got Opila Bird and Josh up on my side  
Yeah, we work 8 days a week  
We making money when we die  
Yeah, you bet we stay together  
So you best avert your eyes  
Or I'm coming after you  
In the middle of the night  
Yeah, you talk a lot of talk  
But you still can't back it up  
And when we talk about your life  
You can't admit that you messed up  
Listen, procrastinations  
Not the worst of it  
You reek of mediocrity  
You won't amount to anything  
I'm everything you wanna be**

**{Chorus}**

**When the cities sleeping  
I hear all their secrets  
Buried in my mind  
Will they ever see the light?  
When the cities sleeping  
I hear all their secrets**

**You will lose your mind**

**If you know what's inside**
