

Key Notez - Your Love Ain't The Same

You don't want love, you don't want me

How do I know, cause you told me

Drunk in yo sleep

Clase Azul

Thank you my boo

Your love ain't the same

You caused me some pain

What is his name

I'm a pull up with that thang

Jump out go bang

Now I'm insane, and I'm going away

Your love was so fake, now I'm killing today

I gave you my heart

I showed you real love

But you did not care, oh no

Time to unleash

I'm a Leo type of guy

Show you what happens when you cheat and you lie

Go call your new man and tell him bye bye

His block is gonna look like the fourth of July

Your love ain't the same

You caused me some pain

What is his name

I'm a pull up with that thang

Jump out go bang

Now I'm insanĐµ, and I'm going away

Your love was so fake, now I'm killing today

Your love ain't thĐµ same
