

YUNGBLUD - Where I'm going

{verse 1}

I left you with only a guitar to my name
I hear the {road?} in order to find my fame
You let me into the wilderness alone
And i left you with no place to call my own

{chorus}

We are just ordinary people
Living our normal lives
We are just ordinary people trying to survive
Dunno where i'm going
And i don't really know where i am right now
Dunno but i'm flying
I can't stop running now

{verse 2}

Well i'm sick and tired
Of just being pushed around
All i wanna do is just stand out from the crowd
Please {?} can i give in right to the {dark?}
Yeah will you give me my big shot

{chorus}

We arĐµ just ordinary people
Living our normal lives
WĐµ are just ordinary people trying to survive
Dunno where i'm going
And i don't really know where i am right now
Dunno but i'm flying
I can't stop running now

{chorus}

I don't know where i'm going

Because i don't know where i been

Yes i don't know where i'm going

Because i don't know where i've been

Dunno where i'm going

And i don't really know where i am right now

Dunno but i'm flying

I can't stop running now
