

Gentleman - KISS OF LIFE

{Intro: All}

What a gentleman, what a, what a gentleman

What a gentleman, what a, what a gentleman

{Verse 1: Haneul, Natty, All}

The pure classic car shines

Even if it's hard, you can't tell by looking at it from the outside

What a gentleman, what a, what a gentleman

What a gentleman, what a, what a gentleman

Don't expect it to be easy to get it right

I don't race, baby boy, I'll run the marathon

What a gentleman, what a, what a gentleman

What a gentleman, what a, what a gentleman

{Pre-Chorus: Julie}

You can't understand my groove with your mind

Respect, keep in mind

{Chorus: All, Natty, Haneul, Belle}

Hey now, hey now

I need some party nights, I need some party nights, party-like feel

Hey now, hey now

You need somebody like, you need somebody like, like me

I do it right, I do it right

I do it right (Alright), oh, yeah

I do it right, I do it right

I do it right (Oh, yeah), don't need a gentleman

{Post-Chorus}

What a, what a gentleman

{Verse 2: Julie, Natty, Haneul, All}

I can make you feel like a queen all night
Love my mind and soul, I know how to shine
Need no gentleman, need no, need no gentleman (Ah, yeah)
Need no gentleman, need no, need no gentleman
The more free I am, the more dazzling my fit is, wow
Don't try to tame it to your liking, sit down
What a gentleman, what a, what a gentleman
What a gentleman, what a, what a gentleman

{Pre-Chorus: Belle, Haneul}

Your heart has already been stolen by my groove
For me, what is typical

{Chorus: All, Julie, Haneul, Belle}

Hey now, hey now
I need some party nights, I need some party nights, party-like feel, ayy
Hey now, hey now
You need somebody like, you need somebody like, like me
I do it right (I do it right), I do it right (I do it right)
I do it right (I do it right; Alright), oh, yeah
I do it right (I do it right), I do it right (I do it right)
I do it right (Oh, yeah), don't need a gentleman

{Bridge: Haneul, Natty, Haneul & Natty}

Gentlemen, you ready or not?
Loosenin' up that the suffocating tie, lookin' so fine (So fine)
Gentlemen, I'll help you stand up
Can you hear, beat drum, faster, too much, yeah

{Chorus: All, Julie, Haneul, Belle}

Hey now, hey now (Hey now)
I need some party nights, I need some party nights, party-like feel (Party-
like feel, yeah)
Hey now, hey now

You need somebody like, you need somebody like, like me (You need somebody like, like me)

I do it right (I do it right), I do it right (I do it right)
