

Gee Threee - Too far gone!

{chorus: gee threee}

Look me-look me in my eyes yah

I know

Countin' all this money baby girl and tha's fo' sho' (plug)

Always wanted real love, now i only want the dough

Said i fuckin' need you but i'm better off alone

She gon' break my heart, got me movin' so slow

How you fuckin' do this shit and keep it on the low?

I'ma pull up in a foreign how i pull up to the show

Standin' in the rain, i jus' wanna see you glow

{verse: s6lty}

Keep me that chop by my side

That nigga he fake i know he won't slide

Shawty she bad might be my bride

Catch an opp and send him to the sky like

Look at that nigga he dead

Gotta choppa stick man i hit wit' the lead

Man i been gettin' cash man i been gettin' bread

Sent a hoe a text got IĐµft on rĐµad

That hoe on me

I'm makin' hĐµr scream

I gĐµt thi' bag and i flip thi' scene

Sippin' that purple i'm sippin' that lean

That girl really know i'm in her dream

For that cash boy nigga i'm real ass fien'

Man i get to the lettuce i get to the green

You gon' see what i see

But you done gone and left me

Nigga you know what i mean
