

FoxWithGuns - Peep The Horror

Mental streamer kills his viewers

Wish someone had warned me

Yes, the one I speak of is Jerma the gemy

Delusional pioneer appealing to the masses

A sus operation involving red masses

Chat, it's time to peep the horror

Hide behind your blanket

In terms of the casualties

No one outranks it

Peep the Horror

(Time to Peep the Horror!)

Peep the Horror

(Peep the Horror!)

Peep the Horror

(Don't Peep the Horror!)

Chat, let's Peep the Horror

(Don't do it!)

All my family has unalived thanks to Jerma9- 985

Peep the Horror

(Never Peep the Horror!)

Chat, let's Peep the Horror

(Don't Peep the Horror.)

Rats, rats, we are the rats

Celebrating yet another birthday bash

(Jeremy!)

It's your birthday today

Cake and ice cream are on its way, and

(Jeremy!)

Been such a good boy this year
Open up your gifts, while we all cheer, yeah
(Jeremy!)

Been such a good boy this year
Open up your gifts, while we all cheer

Mentally deranged psychopath
3 times a stream, I'll let you do the math
Peeping the Horror at every turn
We're deep in the horror, 'cause he never learns

Requests from chat demanded
The mass pulsating red
So he put it on screen
And he just dropped dead

Chat, it's time to peep the horror
Hide behind your blanket
In terms of the casualties
No one outranks it
Peep the Horror
(Time to Peep the Horror!)
