

Anna Thompson - Skin

{Verse 1}

**You caught my attention
You don't understand obsession
Like I do
And I know this ain't affection
We go in opposite directions
Every time show**

{Pre-Chorus}

**I over romanticizing
Constant over analyzing
I know there's no compromising
Hope you don't find this surprising**

{Chorus}

{?}

**Wrapped around till I suffocate
'Cause touch to touch
Ain't close enough for
Wanna be underneath your skin
Give me something to cry about
I want you to be inside out
'Cause touch to touch
Ain't close enough for
I wanna be underneath your skin**

{Verse 2}

**Did I forget to mention
I might slip into aggression
But I'll try to ferment the tough prevention
So what
I'll treat you a lot like a possession**

I'm aware of the signs

{Pre-Chorus}

I over romanticizing

Constant over analyzing

I know there's no compromising

Hope you don't find this surprising

{Chorus}

{?}

Wrapped around till I suffocate

'Cause touch to touch

Ain't close enough for

Wanna be underneath your skin

Give me something to cry about

I want you to be inside out

'Cause touch to touch

Ain't close enough for

I wanna be underneath your skin
