

## **Anna Thompson - Christmas song**

**Merry Christmas**

**Were you having fun**

**Spent hundreds of dollars**

**On some \*\*\*\* I thought you'd want**

**I can't return it**

**So now I'm stuck**

**With a pair of concert tickets**

**And nobody in this pickup truck**

**We took down the road**

**When it snowed**

**How could I have ever {?}**

**Until you {?} with me alone**

**Hope you come back in three to five**

**I see you in my dreams**

**Your still sleeping next to me**

**You give me the present of your presents new years eve**

**But I woke up Christmas morning**

**With nothing under the tree**

**Merry Christmas**

**Are you going through hell**

**I hope you saw your family**

**I hope their doing well**

**Keep our wishes**

**Of everything we dreamed**

**If I'm being honest**

**I through mine in the garbage**

**The same day you walk away**

**They saw you were there for Christmas**

**With some space**

**And that's okay**

**So as long as my wishes come true some day**

**I see you in my dreams**

**Your still sleeping next to me**

**You give me the present of your presents New Years Eve**

**But I woke up Christmas morning**

**With nothing under the tree**

**Christmas Eve**

**Your still sleeping next to me**

**I still see you in my dreams**

**Your still sleeping next to me**

**Have nothing under the tree**

**{?}**

**Happy New Year**

**I don't feel free**

**{?} feels the presents of the ghost of you and me**

**Make a wish babe**

**Don't say it won't come true**

**Wish I didn't feel this**

**I wish I'd forget you**
