

Anna Thompson - Cadaver Heart

{verse 1}

Wanna bring you into my life

If i don't get it now

I can't go

Can't leave you

Always think i'm going to cheats it

Baby your love brings me to life

But i don't by it

Cause you don't sleep

Don't eat

How you got a heartbeat

{pre-chorus}

Tryna keep you a secret

I know, i know

Because when i catch you open it

It shows, it shows

{chorus}

You got a cadaver heart

Your dead inside

I see right through those lifeless eyes

Your cadaver heart

Wasted my time

Thought you were for real

But i guess you

Lied

Oh, i guess you lied

{verse 2}

Someone saw you with her last night

How'd you find the time to

Call me
Tell me
I can't talk to that guy
This ain't even the first time
Can i bring myself to
End this energy and goodbye

{pre-chorus}
Put you in a web of your lies
Oh, why
Why am i not even surprised

{chorus}
You got a cadaver heart
Your dead inside
I see right through those lifeless eyes
Your cadaver heart
Wasted my time
Thought you were for real
But i guess you
Lied
Oh, i guess you lied

{bridge}
I don't wanna be your girlfriend
Anymore
I wanna take your ass right back to the morgue

{chorus}
You got a cadaver heart
Your dead inside
I see right through those lifeless eyes
Your cadaver heart
Wasted my time

Thought you were for real

But i guess you

Lied

Oh, i guess you lied
