

## **BIG Cofe - CHANGE**

**{Chorus}**

**You ain't that much, why would I even reach out  
You ain't worth the chase, you nothing like the girls I met  
I've never felt so done  
You still like to play, fuck your games  
This time around I'll make a change**

**{Verse 1}**

**I put you on a pedestal, you gave me the run around  
Hope this ain't another time  
You know my worth, you're geeked when I'm submissive  
You still vague, I shouldn't wait this long  
We can't carry on, no we can't carry on**

**{Chorus}**

**You ain't that much, why would I even reach out  
You ain't worth the chase, you nothing like the girls I met  
I've never felt so done  
You still like to play, fuck your games  
This time around I'll make a change**

**{Verse 2}**

**I don't need you, I don't need you  
Should've moved on long ago  
Your friends lurkin' you know I'm the one they waiting on  
You couldn't stand it when she talking to me  
Jealous from the start, you're into me  
We could've been intimate**
