

MaGyverMIRE - TSF

{Verse 1}

Check

I'm lying in my bed

Yeah I'm thinking about my life

How I've made it here

How people disappeared

A new shawty in my life

Money coming in

My life went 180, that's my checkmate

My mama still crying

She wanna live a simple life

I finally met my Dad, after 21 years

Homie has a step-son, he is cruising in Poland

I asked him what's his purpose

He wanna be like Messi

I told him, he is more than that

Believe in yourself

Homie, I got your back

Don't believe what they say

Because I already see you wearing 10

Some people will hate

You have to judge yourself

I finally accepted my life

I finally accepted that I was a loser

But people count me out

I don't give a fuck

I'm chasing God's love

I'm protected, God bless

I'm still smoking weed, I don't know when I stop

Last Saturday shawty saw me watching porn

She got upset, I told her it's my demons

I'm still fucken healing from all the pain I kept

I need that therapy

Can you please my therapist?

She said, "Okay, why don't you tell me you want to smash"?

"Baby I'm scared that you'll think I'm a pervert"

She said "Baby, you gonna cheat on me"

8 months later

We broke up, Charlotte

She married now

Life is fucken hard

Maybe I'm just hard

Normalize breaking all the genuine people

Jesus Christ I've died

Please come take my soul
