

## **Alli Cazaam - Little Christmas Box**

**It's the best time of year  
With snow and reindeer**

**I bring out a lifetime of memories  
In my Little Christmas Box**

**At a very young age  
Each year I would save  
A small little ornament  
That hung on our Christmas tree**

**When I'm feeling down  
I always think of  
My Little Christmas Box  
That my Mom gave to me**

**I'm much older now  
And I share with my Dad  
That Little Christmas Box  
That my Mom gave to me**

**I hope everyone all over the world  
Can have their own special times and special memories**
