

Cari Cari - Belo Horizonte

{VERSE 1}

Daysleeper

Tell me about the stars and the sun

Starlight seeker

Take me to a place that's beyond

Beneath the open sky

Perfect vista, what a moment to die

They say it stops the time

When you lay you're hand in mine

{Chorus}

And we'll be moonlight sailing with the asteroids

Swim in the Milky Way like the queens and gods

{VERSE 2}

No shelter between these bricks

On an island with you watching Kubrick

Take a naked swim in the sea

And flow

{Chorus}

And we'll be moonlight sailing with the asteroids

Swim in the Milky Way like the queens and gods

{BRIDGE}

Moonlight sailing

Moonlight sailing

Moonlight sailing

Moonlight sailing

{Chorus}

And we'll be moonlight sailing with the asteroids

Swim in the Milky Way like the queens and gods

And we'll be moonlight sailing with the asteroids

Swim in the Milky Way like the queens and gods
