

xooos - Crush!

{Verse 1}

**I would never fall for him
But his love's too good so I'm falling
And this ain't something I would do
But he got me sayin'**

{Pre-Chorus}

**Tell me if you think it's hot enough for you
Turn around and face it, make it blush for you
I can do a hundred things you want me to
Tell me if you feel the way I do
I got a crush on you**

{Chorus}

**Crush, crush, crush, crush, crush
Crush, crush, crush, crush, crush
Crush, crush, crush, crush, crush
Oh, I got, got a crush on you**

{Verse 2}

**I'm always planning everything
Till the day that he walked right in
Got me doing things I'm not used to
He got me saying
Give me your mind and body
Just like it's automatic
Baby make me an addict
I wanna be there for you
Give me your mind and body
And baby, I'll give you all**

{Pre-Chorus}

**Tell me if you think it's hot enough for you
Turn around and face it, make it blush for you
I can do a hundred things you want me to
Tell me if you feel the way I do
I got a crush on you**

{Chorus}

**Crush, crush, crush, crush, crush
Crush, crush, crush, crush, crush
Crush, crush, crush, crush, crush
Oh, I got, but I crush on you**
