

Cecilia Castleman - Thought I Was In Love

{verse 1}

**I changed the way that i walk
I changed my clothes and my hair
I told my old friends i
I had to be somewhere
Stopped hanging around
On the west side of town
And if you ever came up, i
I shut the rumors down**

{pre-chorus}

**So if i never told you
I was trying to be tough
So if i never told you, told you**

{chorus}

**I thought i was in love
I thought i was in love
I cared about you too much
I cared about you too much**

{verse 2}

**And if you see me out
Just let me walk on by
I don't want you to see
See all the tears in my eyes**

{pre-chorus}

**So if i never told you (i never told you)
I was trying to be tough (to be tough)
So if i never told you, told you**

{chorus}

I thought i was in love

I thought i was in lovĐµ

I cared about you too much

I cared about you too much

{bridge}

Now i know what it means

WhĐµn i was seeing stars

So if you ever feel strange

Stop it before it starts

{chorus}

I guess i was in love

I guess i was in love

I cared about you too much

I cared about you too much, yeah

{outro}

Now i know, now i know, now i know, know

Now i know, now i know, now i know, know

Now i know, now i know, now i know, know

Now i know, now i know, now i know, know
