

Valentina Black - Do it Right

DO IT RIGHT

{Verse 1}

**You are not a baby anymore don't be a fool
You kissed me I was your lady
And now you want
Yes you want me more
You said you need me baby I'm here for you
Lost on you
It doesn't take too long to find out
What I feel for you**

{Verse 2}

**Baby
I can make you crazy
Don't be lazy
I can feel ya' baby
Shake it
Move it â€˜till ya' rule it
Take it, swag it
I can feel ya' baby
Do it
Move it â€˜till ya' rule it (â€˜cause I can feel ya')**

{Chorus}

**Baby you do it right
Keep on baby
Morning and night
With this feeling
Turn on the light
Keep on baby**

Morning and night

Love this feeling

Baby you do it right

Keep on baby

Morning and night

With this feeling

Turn on the light

Keep on baby

When you high

I can feel it

â€˜Cause you do it right

(right, I can feel â€˜ya baby)

Morning and night

(move it â€˜till ya' rule it)

Baby you do it right

(I can feel â€˜ya baby)

Morning and night

{Verse 3}

Baby I won't stop

I want you get high

Tell me that you got

Tell me that you want it

I can feel you high

Keep me where you are

Tell me that you got

Tell me that you want it

{Special}

Rising highÐµr, higher, higher

I can feel ya' power, powÐµr

Loving harder, harder, harder

Feel we're burning like a fire

{Verse 4}

Every little thing that you do

The way that you do

I can only know what's inside of you

Through faith

You know you got me baby I'm here for you

Just for you

What I'll give to you
