

Caitlin Quisenberry - I Used To Be Your Christmas

{Verse 1: Caitlin Quisenberry}

Fifty shades of empty
Since you left me Christmas blue
Lonely, I feel so lonely
'Cause nobody knows me the way that you do

{Chorus: Caitlin Quisenberry}

Memories of yesteryear make hopeful thoughts just disappear
I'm lost inside a storm of broken wishes, wishes
Snow is fallin' like my tears
It's not the same without you here
I can't help but miss it
When I used to be your Christmas

{Verse 2: Jason Wyatt}

Hopeless, shattered and hopeless
All that I know is there's no gifts for me
ShakÐµ me, somebody shake mÐµ
Whatever wakes me and takes out of this dream

{Chorus: Caitlin Quisenberry & Jason Wyatt}

Memories of yesteryear make hopeful thoughts just disappear
I'm lost inside a storm of broken wishes, wishes
Snow is fallin' like my tears
It's not the same without you here
I can't help but miss it
When I used to be your Christmas

{Bridge: Caitlin Quisenberry}

I wonder when the season comes
Can you still find your joy without my love, ohh, ohh, ohh

{Chorus: Caitlin Quisenberry}

Memories of yesteryear make hopeful thoughts just disappear

I'm lost inside a storm of broken wishes

Snow is fallin' like my tears

It's not the same without you here

I can't help but miss it

No I can't help but miss it

When I used to be your Christmas

When I used to be your Christmas
