

Caitlin Quisenberry - Boy What's Your Speed

{Verse 1}

Boy what's your speed
'Cause I'm falling quickly
I wanna see
So make me believe
That your falling too

{Pre-Chorus}

Oh tell me you know

{Chorus}

If you were the sky
I'd be the blue
So no one could take me from you
Moon to my sun
Salt to my sea
I think God made you for me
Oh I hope you see
You're like a song that God wrote for me

{Verse 2}

Some things just go
They flow like a river
You wash over me
Soft like a breeze
Whispers of June

{Pre-Chorus}

Oh tell me you know

{Chorus}

If you were the sky

**I'd be the blue
So no one could take me from you
Moon to my sun
Salt to my sea
I think God made you for me
Oh I hope you see
You're like a song that God wrote for me**

{Bridge}

**Be my light at sea
For eternity**

{Chorus}

**If you were the sky
I'd be the blue
So no one could take me from you
Moon to my sun
Salt to my sea
I think God made you for me
Oh I hope you see
You're like a song that God wrote for me
You're like a song that God wrote for me**
