MaGyverMIRE - I fell in love with you, iâ€™m sorry. i had to run aw

{Verse 1}
Yeah
You shy away when I come close
Are you too afraid?
Is it affection?
Let me in, so that I can see
The damage is already done
I'll set you free
I'm sorry that nigga broke your heart
It hurts me to see you in pain
I know I can love you and help you
Just open up, I can heal your heart
Just let it be, lemme feel your heart
Cause from the jump
I always loved you, blood
You were taken and he broke you, love
I always loved you on point
Now I have a chance with you
Let me take this chance
I want to show you more
Yeah love again
And love again
I want to show you more
And love again

{Hook}
I want to show you more
And love again x2
