{chorus}

I'm at war with all these demons, while still at war with someone else

I blame the cameras and the fame for all the pain that i felt

Them niggas claim they wouldn't change, they said they love me, but they left

I'm steady tryna kick the drank, to keep it real, i need some help (uh, uh, uh)

County chain gang, i get out, ain't goin' back (uh)

I got a bounty on my name, pull up, get the hundred racks

There go you know my youngin' trey, ain't speakin' on who we got whacked

Can't put a bitch before my drank, can't put my man before the cash
