

Fall Out Boy - Untitled 2

{Verse 1}

When Andrew left for Arizona
He packed his things
In total disregard for what a girl might think

{Pre-Chorus}

I said, "don't get attached, you know you couldn't turn back"
The only mistake you'll make is when you let her get too close
She's not the type of girl you wanna get close to

{Chorus}

So here's to him
Take back what you did
The next boy you destroy
Had better not be one of my friends
This cheat's done telling everyone about you
Everything you did

{Pre-Chorus}

"Don't get attached, you know you couldn't turn back"
The only mistake you'll make is when you let her get too close
She's not the type of girl you wanna get close to

{Chorus}

So here's for him
Take back what you did
The next boy you destroy
Had better not be one of my friends
This cheat's done telling everyone about you
Everything you did

{Instrumental Bridge}

{Chorus}

Here's to him

Take back what you did

The next boy you destroy

Had better not be one of my friends

And this cheat's done telling everyone about you

Everything you did

Everything you did

Everything you did
