

# Pureojuice - Sukuna UK Drill Everyone Diss

{Lyrics of "Sukuna UK Drill - Everyone Diss"}

{Intro}

Gambare, Gambare

He had one job, to land one hit

Shambolic, Ironic

The Cursed Spirit of Fire got burnt to a crisp

Returned the favor sent the twins to meet Geto

I fulfilled their wish

I'm not the King of Blessings

All I wanna do is chop up women and kids

{Chorus}

Last thing they heard was ", FÅ«ga"

I'm a Special Grade abuser

Blew up Shibuya everything gets burned

It's the return of King Sukuna (Kotowaru !)

I'm not helping my vessel

I'm a real demon, not Kurama

I'd rather use his body to catch some bodies

And give him trauma

{Verse 1}

How you got the power to adapt

And still get put in a pack

He sees my attack

Impressive, I had to react

Everyone's bad till my arrows impact

Fifteen fingers I'm more than a handful

Three fingers is a handicap

You don't wanna lift your head too high

Like Kenjaku I'll push your wig back  
GojÅ•s only the strongest sorcerer  
In an era where I'm not in  
I'd admit I lost the first round  
For the violation Imma have to spin  
He said he'd win that ain't gonna age well  
When I'm full power his chance is slim  
I don't care about ranking if it ain't strenght  
Imma show him why they call me king  
{Chorus}  
Last thing they heard was ", FÅ«ga"  
I'm a Special Grade abuser  
Blew up Shibuya everything gets burned  
It's the return of King Sukuna (Kotowaru !)  
I'm not helping my vessel  
I'm a real demon, not Kurama  
I'd rather use his body to catch some bodies  
And give him trauma

{Verse 1}

Mada, mada don't move or die  
I'm the embodiment of fear  
They'd rather get hit with a meteorite  
Malevolent Shrine is one of a kind  
I paint the street red without a canvas  
Two hundred meters nobody survives  
Had to shorten the range for Megumi  
Only time I cared about saving a life  
Easy to see how pathetic you are  
When the moon shines through at this angle  
Jaw hanging his face got mangled  
Ballet dancing I made his feet dangle  
Accept the defeat got PTSD

He won't even use his domain to battle  
You're strong but dumb  
Fighting the top two is what got you canceled  
{Chorus}  
Last thing they heard was ", FÅ«ga"  
I'm a Special Grade abuser  
Blew up Shibuya everything gets burned  
It's the return of King Sukuna (Kotowaru !)  
I'm not helping my vessel  
I'm a real demon, not Kurama  
I'd rather use his body to catch some bodies  
And give him trauma

{Outro}  
How you lose to ChÅ•sÅ• in  
Your own show side character ?  
All his friends keep dying  
Junpei, Nanami, Nobara  
His dying words were help others  
Dissapointment to your grandfather
