

YT - Follow Me

{Verse}

**Dunno why she acting prestige, girl you follow me
Know that I can make it, I can see it right in front of me
And this shawty from Australia like a wallaby
20 hour flight to see me, you can tell how much she wanted me
I got kwes e to my right, he in Supreme Wallabees
He got artist in his bio, why you capping? You're a wannabe
Ha, why you lying? You're a beg
Shanty walked up in my room and saw the Goosey on my peg
Sorry let me move this bunch of Louis on my bed
Horseshoe feeling lucky, I got Truey on my legs (Oi, oi!)
2B, fill that ni**a up with lead
And I told em I would do it, staying true to what I said
I can't tell you where I got the swag, it's classified likÐµ Ned
They need girls for the party, I bring barÐµs like it's Ted
Why you talking ni**a? Nah this isn't TED
Why you talking-
Why you talking ni**a? Nah this isn't TED (Oi!)
Why's she talking? Don't she know this isn't TED
And I just wore my Rafs, put my Pradas on instead
White gold, wrist be voting for Lib Dem
White plug like a lil bit like Nick Clegg**
