

## **Rafolino - Illusions**

**I never saw**

**I never felt**

**I never said**

**Because I was nobody else**

**I never had the chance**

**I never had the permission**

**I don't know what to say about it**

**Because I was stopped against my will**

**I didn't wish this situation**

**It's so sad to feel like this**

**There were not doors to breakout from this way**

**There was nobody to call**

**I dreamed of being someone else**

**This dream was utopia**

**I had so many illusions**

**But now everything has been destroyed**

**My illusions seem to be perfect**

**I wasn't prepared for the fall**

**This reality shock was strong**

**Never thought I'd be torn apart**

**I wish my illusions were real**

**I was so connected to people outside**

**I ended up forgetting myself**

**I thought the world could be mine**

**But there are racist molds that I don't fit into**

**I really thought I would be accepted  
But I wasted so much time believing in people**

**Now I don't believe in anyone, anymore  
I only believe in myself**

**I don't want to waste my time with foolish illusions**

**I only want good things that are important to me**

**I don't want to live on illusions  
I want to live in real happiness**

**I saw the bad side of the world  
I am sensitive to rudeness**

**I don't want illusions ever again**
