

## **Sewerperson - The Shift**

**Burn me to bits and I will cauterize it somehow  
It was just a friend until myself had found out  
I can't look at you the way I seen you act just now  
I swear to god ill blow this bitch apart right now right now right now  
I swear id kill u both if I could but I can't  
I drop out the knife I held inside my right hand  
Im not tryna weep when they bring me on the stand  
She Pick apart  
The skin on my chest and clutch my beating heart  
I was warned  
Still I toss aside that rocky start  
We had had  
When we had met  
Now u fucking on anyone else that rap  
U just a fan  
Oh u break me  
I think I Took too much  
But I lay down and I sweat it out  
Coming clutch  
At this function my guy smoked me out  
Double dutch  
U so crazy how u jump around  
Say u hate me then u telling me we'll work it out  
All this did was put me under  
6 feet of this dirt im buried breathing  
But im tied to her  
I tried to break this bond but it didn't work  
But Still I hope u been well  
I dont need to hear it go and give em hell  
Sometimes these words are hard to keep to myself  
Once I sip my drink**

**Maybe we could talk it out**
