

K-9 Wolf - Gangsta in a Suit

{Intro}

Hood Baby

Hood Baby

Hood Baby back man

Hahahahaha

{Verse 1}

They think I will never make it if I do count out the man

My confidence is improvised

I'm the typa guy that can rock it rocking some sandals

Watched from every angle

I body every tempo, a beat don't make me loco

"Do they know you local"?

Do they know their favorite rapper hardly got your mojo?

Rappers buying vocals, oh you think they wrote those?

Drugs around kids ain't talking crack and cocaine

Talking 'bout that Instagram shit

All the filters and fake likes while all the parks are empty

I don't hide the comments, those opinions just amuse me

Shit and I thought Dave Chappell was funny

Propaganda news, America on that front line

If you got a budge you a gangsta in a suit

Do the police serve the people or the government?

(Government, government, government)

{Hook}

I'm just a modern day slave man

I'm just a modern day slave man

I'm just a modern day slave man

I'm just a modern day slave man

I'm just a modern day slave man

I'm just a modern day slave man

I'm just a modern day slave man

I'm just a modern day slave man

Haaaa
