

kronke - i think she got me sick

{intro}

(gave me a fever)

{verse 1}

Yuh, help me out

I got my heart sticking out

So help me out (help me out)

Oh, a girl with a smile that took away mine

I'm trapped to come away just far

Every night she's coming back to buy (ooh, woah)

I feel it tonight (ooh, woah)

'cause she ruin my life

{chorus}

Yuh, head underwater

And i'm going farther

When will i let go?

Yuh, heart beating faster

My head getting hotter

While your heart's so cold

I tried, i tried, i tried again

Help me out, please don't let her in

I tried, i tried, i tried again

{verse 2}

Yuh, i tried to get you to retreat

Only checking on me once like every week

Yeah, you know we never leave

Yeah, it's complicated but no, i would never leave

I'll take a step back tho

But i'm not leaving 'til you let me go (go, go)

I feel the feelings in my heart go low (low, low)

In my head, go slow (slow, slow)

{bridge}

Woah, woah, it's never time

When will i run out of love?

Woah, woah, can't keep up

While you been on the run (woah, woah)

{chorus}

Yuh, head underwater

And i'm going farther

When will i let go?

Yuh, heart beating faster

My head getting hotter

While your heart's so cold

I tried, i tried, i tried again

Help me out, please don't let her in

I tried, i tried, i tried again

{outro}

(gave me a fever)
