Hey yo mummy

Make me wanna hurry

Looking back

At that dumpy making me wanna loose it

Got that ig snap oh now I gotta slide in

Got her on her phone bet now she wanna Holla

Hey yo mummy

At that dumpy making me wanna loose it

Got that ig snap oh now I gotta slide in

Got her on her phone bet now she wanna Holla

Talking through the night damn its already morning

Girl, we be on the phone till I don't know

Laughing like we just don't care

Neighbors getting pissy funny

It's a vibe we get no sleep

Even when we quiet it still a vibe

We bDµ texting when we wakDµ up oh my god

That morning text be making my whole day

She be texting she be calling even know hold on

Hey yo mummy

Make me wanna hurry

Looking back

At that dumpy making me wanna loose it

Got that ig snap oh now I gotta slide in

Got her on her phone bet now she wanna Holla

Hey yo mummy
Make me wanna hurry
Looking back
At that dumpy making me wanna loose it
Got that ig snap oh now I gotta slide in
Got her on her phone bet now she wanna Holla
She wanna meet up
Oh I like that
We be walking we be dancing
She can move that
When she bubble
And she shaking got me falling
Gotta pretty face Shawty got me Wildin
Makes me wanna boom when she grinding on that pole
Take her to my ride had to get her to my crib
Oh we getting freaky
She got that Megan knees
We be working
We be playing till the morning rise
Baby hold on
She gotta cute face but yeah she know she a freak
Shawty come on
She be smiling so now gotta hit it one time

Hey yo mummy

Looking back
At that dumpy making me wanna loose it
Got that ig snap oh now I gotta slide in
Got her on her phone bet now she wanna Holla
Hey yo mummy

Looking back

**At that dumpy making me wanna loose it
Got that ig snap oh now I gotta slide in
Got her on her phone bet now she wanna Holla**
