

## **FoxWithGuns - LeBron James**

**The move that made lebron cry**

**Lyrics**

**{chorus}**

**I feel like i could dunk on lebron**

**I'm free-falling with my flight suit on**

**I've already won, how can i tell?**

**Standing at roughly 6 foot 12**

**I'm not a duck but i'm paying the bills**

**Chilling with reagan in beverly hills**

**Livin' the life and i don't even try**

**That was the move that made lebron cry**

**(that was the move that made lebron)**

**(that was the move that made lebron)**

**{verse 1}**

**I feel like sliced bread, everybody wants me**

**Give me a minute, i just slipped over my money**

**I'm a unit on the court, not a joke, not funny**

**Lebron james doesn't have nothing on me**

**Don't try to con me, i can see lies**

**If you call this fire, that means it fies**

**In basketball, i believe i can fly**

**That was the move that made lebron cry**

**{chorus}**

**I feel like i could dunk on lebron**

**I'm free-falling with my flight suit on**

**I've already won, how can i tell?**

**Standing at roughly 6 foot 12**

**I'm not a duck but i'm paying the bills  
Chilling with reagan in beverly hills  
Livin' the life and i don't even try  
That was the move that made lebron cry**

**(that was the move that made lebron)**

**(that was the move that made lebron)**

**{verse 2}**

**That was the move that made lebron cry  
Money so large it stacks into the sky  
A billion miles, yeah, that's tall  
(it's wizard time, fireball!)**

**I got that dough, domino's  
Knock me down and i'll rise back up like those  
You're a fiend, you're a foe, you remind me of joe  
As for me, i'm so animated, i'm nearly rubberhose**

**Now, nobody knows where i get my cash  
Got some from my grandma at a birthday bash  
Joe biden won't stop thanking me  
'cause i'm single-handedly inflating the economy  
Don't got haters, 'cause they're all gone  
Feeling so good, i could dunk on lebron  
Shoot my shot, and i'll win the game  
This win has led me to unending fame  
Feel like mario, i could live 3 lives  
My life is like a video game**

**{reprise}**

**I feel like i could dunk on lebron**

**I'm free-falling with my flight suit on  
I've already won, how can you tell?  
Got a monopoly so i'm buying hotels**

**I'm not a duck but i'm paying the bills  
Chilling with reagan in beverly hills  
Livin' the life and i don't even try  
Carry the drip 'till the end is nigh  
That was the move that made lebron cry**

**{outro}**

**My name is lebron james, and i approve this message!**
