**She made me go
Rata
Ritiratira
The touch and the feel
On my body still gives me shivers
Down my spine
Oh brararara
She a succubus and I'm tempted to her lust
She has me on her palm
Oh nanana
She has me Ready to risk it and she singing now
Oh lalalala
When our eyes met for the first time
She made me go

She has me on her palm

Oh nanana

She has me Ready to risk it and she singing now

Oh lalalala

When our eyes met for the first time

She a succubus I can't deny

She can charm a nigga by a look

Hey do you wanna take a look

That voice sends shivers down your spine

You can fake it but you gonna loose to her

She wants a nigga who can keep up with her

Niggas tap out saying she wanna kill em

Makes you want her even more

Just from her touch

She made me go

Rata

Ritiratira

The touch and the feel

On my body still gives me shivers

Down my spine

Oh brararara

She a succubus and I'm tempted to her lust

She has me on her palm

Oh nanana

She has me Ready to risk it and she singing now

Oh lalalala

When our eyes met for the first time

She made me go

Rata

Ritiratira

The touch and the feel

On my body still gives me shivers

Down my spine

Oh brararara

She a succubus and I'm tempted to her lust

She has me on her palm

Oh nanana

She has me Ready to risk it and she singing now

Oh lalalala

When our eyes met for the first time
