

Pureojuice - Itadori Yuji Sukuna and Mahito Diss

{Lyrics of "Itadori Yuji UK Drill - Sukuna and Mahito Diss"}

{Chorus}

He thought he was immune
In get back season
He started sneezing
When it got freezing (Ah, Ah, Ah)

Music to my ears
I wanna get sturdy
To his screaming
Look how the turns have tabled

Predator turn pray
You created a demon
I can't deny I'm you
Wherever you reincarnate
Tryna stop your breathing

{Verse 1}

Lifes been tragedies on tragedies
Junpei, Nobara and Nanami
I feel like I killed myself
Cause I'm way too weak to defeat my enemies

Perfēctly powerless protagonist
My hearts been rippēd
Right straight outta me
Geto's a bitch
I suffered more
Still didn't turn bad

And lose sanity
A cog in the machine nothing special
A soldier on the frontline
Naive to think
That we're the good guys
We're the same coin just different sides

Us or them gotta choose what you rep
So I sorcerer step
No talk no jutsu fuck Naruto
It's on sight like ChÅ•sÅ•
Blood gon shed

{Chorus}

He thought he was immune
In get back season
He started sneezing
When it got freezing (Ah, Ah, Ah)

Music to my ears
I wanna get sturdy
To his screaming
Look how the turns have tabled

Predator turn pray
You created a demon
I can't deny I'm you
Wherever you reincarnate
Trynna stop your breathing

{Verse 2}

Diver-Divergent Fist delay the impact
You ain't ever concentrate to the max
Then back to back you're landing Black Flash

No cursed technique left right goodnight

**My physicality's like a heavenly pact
Me and bro in sync' like we choreographed
Trynna catch us a heavenly pack**

**Jump Jutsu Kaisen fuck a fair fight
I'm not doing it in solo (Brother!)
Lost spirit to fight
I wanted to die
I swear I had no hope**

**Clap, put you anywhere on the map
Everyone needs a friend like TÅ•dÅ•
My dead friends entrusted me
So I can't go sprung back like a yoyo**

{Chorus}

**He thought he was immune
In get back season
He started sneezing
When it got freezing (Ah, Ah, Ah)
Music to my ears
I wanna get sturdy
To his screaming
Look how the turns have tabled**

**Predator turn pray
You created a demon
I can't deny I'm you
Wherever you reincarnate
Trynna stop your breathing**

{Outro}

(Pedo)

Obsessed with kids

Keep him away from Megumi

King of the Curses, you mean homeless bum

He lives in my head rent free

Ain't no one immune

In get back season

They musta forgot that I'm the M.C
