

Foxfredito - Homocide

**I'm in a fight with system
I'm in a
I'm in a place to relax
Coz I already won
When they were relaxed
Took it up quick
And they didn't even see that
Acting wounded
But not wounded
When I turn up wako shocked it's good day
Na hiyo ni intro
Didn't expect that
Vile inafaa, taking game with no chance...
Like a war but it's a not war
Not a battle but I'm doing with vengeance
Homicidal on every track and killing and cheffing and burning like Eren
Mikasa be coming to my side not a side bitch
Got my bitch
I'm alright
Historia ndo tunamake ngoma inalast more than 10 years
Wengine wanamake ya tiktok inahit once
ThĐµn bye
These our crowns
WĐµngine wanamake tu moja
Tushachoka
Moved on where they at
Lyricists and talented artists
BR and Mackfone records yeah
Yeah Tuko Up high
Yeah tuko up high
Wee skiza Way High**
