|Verse 2|

**I'm steppin' away up to the hills that is the move I make
Do some sousearching, that is the groove I take
Away from the noise I need to meditate
Got to do it now, no time to hesitate
I look into the herb and all I see is division
Every day people a do some random decision
Look into my life and then I do some revision
Stand firm inna di armagedeon**

|Pre-Chorus|

And plant some trees pon di farm
Come mek we pack up our things and gwaan (Gwaan)
Calm after storm**

|Chorus|

Over the hills and valleys me a climb
Oh, where the rules are still defined
By nature, by nature
I got to find me some piece of mind
Over the hills and valleys me a climb
Oh, where the rules are still defined
By nature, yeah**
