

hxikai - fading night

{Intro}

fallen ang3lx

{Pre-Chorus: hxikai}

Slurrin' your words, it's a fading night

Laying on my chest, now I feel so sad

Since eighteen, I was cursed every day

Aching silence, oh this is it

{Chorus: hxikai}

Oh-oh-oh

Put your love in me just the way you used to do

{?}

Can you make sense, make it last {?}

Raining echoes of what used to be, to be

I've searched for answers, please send help

Would you let me explain to you? Why you upset?

{Verse: scumfaced}

Please just tell me what you're feelin' (Oh-oh)

Can't tell myself what's real or fake, yeah (Oh-oh)

And I-I can't tell if its you (Oh) or me (Oh)

Is it you (Oh) or me?

Can't tell myself what's real or fake, yeah

I can't tell if its you (Oh) or me (Oh)

Is it you (Oh) or me?

I'm the one to take the blame

Oh-oh

{Chorus: hxikai}

Oh-oh-oh

Put your love in me just the way you used to do

{?}

Can you make sense, make it last {?}

Raining echoes of what used to be, to be

I've searched for answers, please send help

Would you let me explain to you? Why you upset?

{Post-Chorus: hxikai}

Slurrin' your words, it's a fading night

Laying on my chest, now I feel so sad

Since eighteen, I was cursed every day

Aching silence, oh this is it
