Ridin' with that tool, yeah, that shit came with some knockers
You know that i rule, that bitch, she eat it like a whopper
Diamond wet like pool, bitch, i'm bringin' out the mopper
My wrist way too cool, and i'm kickin' shit likÐµ soccer, yuh**

{verse 2}

Yeah, i'm prayin' that i make it
I might pour up wockhardt, or i might sip the quaken
Way ahead of my time, so they don't get what i'm sayin'
I got hella {?}, bitch, i'm feelin' like luhsaiyan
Keep that fn tucked, up it, then i get to sprayin'
I want war with your gang
I want whole lot money, then new randy moss, a chain
Boss level, bitch, yeah, this feel like a game
Toss the five-seven out the fuckin' window pane
Drivin' too fast in this yota, i can't see through all the rain
Run down, got toyota, but next bitch, i want the range
I do percs every day, yeah, they call the kid deranged
I put in work all day 'cause i'm higher than a plane, yeah
Whole lotta money on me right now
Drivin' through downtown
Ride with the windows down
Bitch, i'm up now

{outro}

Up now
