

Michael Hakim - Mish Darouri

{Verse 1}

Middle Eastern family

She got the spotlight on her

Lives a little dangerous

Guess we got something in common

You like a man to hold it down

I'll show you how I'm gonna

Put you in Dior

I'd never put you in no drama

{Pre-Chorus}

And look how far i've gotten, i'm still tryna drop in

Baby you my top pick

(Got you talking just like me)

I know that I got options, but we can skip the nonsense

Baby we can lock in

(Tell these other women c'est la vie)

{Chorus}

Ùšøš ø¹ÙšÙ`Ù†Ùš

Life with you's a movie

ø¨øªø¹ø·ÙšÙ†Ùš ùfÙ,, ø´Ùš

But honestly girl

Like her 'causĐµ she stay grounded
Go way back like recliners
Like my woman well rounded
She want a man that's gone provide
Can't split the bill you know that's right
These others doing fifty-fifty leaving you alone at night

{Pre-Chorus}

And look how far i've gotten, i'm still tryna drop in
Baby you my top pick
(Got you talking just like me)
I know that I got options, but we can skip the nonsense
Baby we can lock in

Make these other women wanna stay home

{Pre-Chorus}

And look how far i've gotten, i'm still tryna drop in

Baby you my top pick
