

MaGyverMIRE - Mbali

{Pre-Hook}

Yeah

They say sticks and stones may break my bones

I give free time to day-ones

I'm heaven-sent

Baby she a dime

She wants me now

Gimme all your vibe

-

{Hook}

Yeah you know I'm chilling in my lane

I'm thinking about Versace

Are you talking down on my name

Everybody watching

It's getting on their nerves

Because things aren't the same girl

{Verse 1}

Life is like a pie

It gave me hope until I die

Watch homie cry

Watching me wearing Parda

Shawty on my PMs

She wants to know why I've changed

Superficial bitch

She be thinking about the racks

I don't care where you at dawg

I got hate

And I turned it into love

That's why God got me blood

I see my life like a Colosseum

**Bitch don't be there
I'm fighting for my freedom
I'm Lightning McQueen, ho
My time is now
You can't block it blood
I manifested my life
God gave me a grant
Niggas watch out
Shawty wants my blood
Shawty wants my babies
And I live here for my God
{Hook}
Yeah you know I'm chilling in my lane
I'm thinking about Versace
Are you talking down on my name
Everybody watching
It's getting on their nerves
Because things aren't the same girl x2**

**{Verse 2}
Top tier stunner
Shawty knows I'm shining
Jesus Christ
Yeah, you know he's my day one
Last last, They scared about me

Getting paid in my sleep dawg
It's so funny x2**
