

odihu - serial killer girl 3

{Intro}

Love, love, love me

{Chorus: odihu}

Serial killer girl

She's fuckin' rockin' her own world

She shines like diamonds and some pearls

She makes me jealous 'cause I'm all alone

Why can't she just be mine?

I feel like I'm just wasting time

I spent all day just fucking cryin'

I feel like fucking dying

{Verse: sonichu}

I love her, what, is she fucking blind?

I'll always have her on my mind

Keep getting rejected, no point in trying

I guess it's time for suicide

I slit my wrist, blood falls like rain

Take Percs by the hour to heal all the pain

I like her but she finds me strange

Overdose like Twomad on the game

{Chorus: odihu, odihu & sonichu}

Serial killer girl

She's fuckin' rockin' her own world

She shines like diamonds and some pearls

She makes me jealous 'cause I'm all alone

Why can't she just be mine?

I feel like I'm just wasting time

I spent all day just fucking cryin'

I feel like fuckin' dying

Serial killer girl

She's fuckin' rockin' her own world

She shines like diamonds and some pearls

She makes me jealous 'cause I'm all alone

Why can't she just be mine?

I feel like I'm just wasting time

I spent all day just fucking cryin'

I feel like fuckin' dying
