

# MaGyverMIRE - Just like Jesus Christ

{Intro}

Man, I was fuck

Man my life changed

I went 180 on this bitch

{Verse 1}

Yeah

Thinking out loud

Jesus Christ is my blood, my guy

Everybody got a free will, guy

I'm the walking Karma, my guy

God is forgiving my guy

People running away my guy

Because your heart has a feeling, guy

Goddamn, Jesus Christ is my healing

I take my time, more digits

Been counting my Ms, my guy

I'm on a mission, oh it's tough

God damn, it's been a journey

I wanna eat that lobster with rice

I take my ice for the prize my guy

I check out private, FBI

Shawty only wants me now

-

Copy, copy

Solider where you at my guy?

Pack your bags, we go to Paris

Vision higher in Stone Age, blood

People coming back, nahh my guy

Don't fuck around with God my dawg

Unless you'll make your bed my guy

**Y'all be hating on me, my guy  
I'm pushing grinding, no switch-up guy  
Spitting the truth man  
He's skinny with those blue pants, guy  
Why am I acting dumb? Hmm my guy  
They scared to come, oh no my guy  
They do not know themselves  
They feeding demons, my God  
The holy grail, they act so tough  
I fuck around with my real day ones**

**{Hook}**
