

BENJI x Scarlett - Jax x Pomni song

{INTRO}

Pomni? Yes Jax

I don't know if I can survive in this digital circus alone

Me neither

It's just so scary without you

I don't wanna lose you

I have to tell you something-

{Chorus}

Ever since the day I saw you

You were special I can't lose you

I'll be so sad

You'll be so mad

I won't be glad-

Here without you-

{BRIDGE}

I'll be so sad if you walk away

This digital circus just won't be the same

I'm the only person left to blame-

This digital circus just won't be the same

{Chorus}

Ever since the day I saw you

You were special I can't lose you

I'll be so sad

You'll be so mad

I won't be glad-

Here without you-

{OUTRO}

I'll be so sad if you walk away

This digital circus just won't be the same

I'm the only person left to blame-

This digital circus just won't be the same
