

odihu - i wanna be a girl cover

**I don't act delicate
As much as i wish i did
I want a gentlemen
That's genuine**

**I'm lacking so much estrogen
Blocky build and hairy skin
Such a contradicting specimen
God i wish i was feminine
Wish i was a lesbian**

**I hate my body
My head is throbbing
Illuminati
I wanna be a hottie**

**I wish i wasn't 6 feet tall
I wish it didn't look like i had balls
I wish i didn't bleach my fucking hair
Cause now it falls out
Fuck me who cares
Fuck me who cares**

**I wish i wasn't flat
And i arched my back
I wish i was a pretty cat
And not an ugly little rat
I wish i was born just an average girl
But now i get made fun of by what seems to be the world
I wanna be a girl
I wanna be a girl**

I wanna be a girl

I wanna be a girl!

I hate my body

My head is throbbing

Illuminati

I wanna be a hottie

I hate my body

My head is fucking throbbing

Illuminati

I wanna be a hottie
