Verse 1:

There is no way

There's no way to ease this pain

Nobody knows how i'm feel

No no no

I can't take it anymore, i can't take it anymore

I was not well

I know we can't talk anymore

You will never hear about me again

I knew this wouldn't last forever

I will die young i am not here forever

**Today's youth does not think about the consequences, perhaps that is why i
am a young fool**

Pills, henny, blue wock, perkys a world of toxic colors

She knows my anxiety is at the limit and she fucks me like this

I'm almost 19 years old and i'm condemning myself, i can't describe this emotion, i feel like at the end of the day i don't fit in and i just want to die, they tell me that time takes time, but we are easy baits for bitches, i have strengths, i have weaknesses, she knew it, i just want to end my life, i say goodbye to my family, i've been here a long time
She made my life hell from that day on, i feel guilty, this is on my mind every second of the day, they don't know what i've been through, i haven't done the right things i thought i had gotten better, i try to be the best even at my worst moment, i'm broken you can see it, i'm dead, i hope that's true to you

To you

Tou you

Uh uh uh

Verse 2:

There is no way (way, way)

I'm not coming home anymore, i'll probably die tonight, there's no way i'm going to survive one more night no no no no

Her boyfriend wants to kill me yeah yeah

Chorus:

No way no way

Bitch i don't trust you

No way no way

Broke my heart don't trust you

No way no way

Bitch i don't trust you

No way no way

Broke my heart don't trust you

Chorus:

No way no way

Bitch i don't trust you

No way no way

Broke my heart don't trust you
