Cut you open-slit wrists  
Im'a stab thy in the eyes  
Til you die

I don't give a fuck now  
About anything  
I'ma gut you for your innards  
Then i'll skin everything

Killer  
I'll kill your friends  
Kill your family  
And then i'll kill you  
And everyone you know and you love  
You'll never have anyone to hear you alive (uh)
