

# **KHtheKARTOONiST - BETTER OFF DEAD!**

**{verse}**

**Wake up, scroll through my twitter  
Oh, fuck! now i'm feeling bitter  
'cuz the world's gone up in flames  
What a shame, there goes my day**

**{verse}**

**My mind is falling to the wayside  
Oh, christ! i think i need a lifeline  
What has life become? screw this, i'm done  
I'm giving up**

**{pre-chorus}**

**This could be my last lament  
'cuz i fear that i've got nothing left  
What if i-**

**{chorus}**

**-kill myself?  
Should i jump off a ledge  
Or swallow every single  
Pill on the shelf?  
I'll take heaven over living in hell  
You say the world is worse if i'm gone  
But i know nothing's gonna change  
So it's better if you move on  
Grab a six shooter  
Put a bullet through my head  
'cuz, baby, i'm better off-**

**{verse}**

**Just when i thought that i was better**

**My walls caved in  
Now my mood is looking wetter  
There's a storm cloud over my head  
Filling me with dread  
God, make it end!**

**{pre-chorus}**

**This hopelessness persists  
It's such a nightmare to exist  
So maybe i'll just-**

**{chorus}**

**-kill myself  
Should i jump off a ledge  
Or swallow every single  
Pill on the shelf?  
I'll take heaven over living in hell  
You say the world is worse if i'm gone  
But i know nothing's gonna change  
So it's better if you move on  
Grab a six shooter  
Put a bullet through my head  
'cuz, baby, i'm better off dead!**

**{bridge}**

**Cross my heart, i hope to die  
Stick a knife into my eye  
And if in your wake, you find me gone  
Please don't worry, i know  
You'll go on**

**{pre-chorus}**

**So what if i-**

**{chorus}**

**Kill myself?**

**Should i jump off a ledge**

**Or swallow every single**

**Pill on the shelf?**

**I'll take heaven over living in hell**

**You say the world is worse if i'm gone**

**But i know nothing's gonna change**

**So it's better if you move on**

**Grab a six shooter**

**Put a bullet through my head**

**'cuz baby, i'm better off dead!**

**{refrain}**

**Oh, baby, i'm better off dead**

**(baby, i'm better off-)**

**Dead, oh, oh**
