{Hook} (3x)

How you beating me?

Keeping me together, tell me how you teaching me

When we not together, tell me how you reaching me

How you seeing me, look at how you treating me

You not defeating me!

{Verse 1}

Female tendencies

You just mad I'm being myself, are you kidding me?

Look at what you did to me

So you ain't feeling me?

You be killing me

You not walking over me, I'm singing Billy Jean

I can make her scream, have her cheering for my team

You don't get that Green

You a bandwagon, all you do is wear Supreme

Doctor Martin Luther King, I'ma chase my dreams

I'm a threat to these people, I'm an enemy

They don't show me no remorse, I get no empathy

Show me some sympathy

& I know that's your girl, but she missing me

She keep on kissing me, wasn't she just dissing me?

Ain't I sickening?

I'm just keeping it 100, ain't you listening

Man, your breath stink, you really need some Listerine

Call me Pinsol, you can call me Mr. Clean

I ain't intervene with nothing, shorty what you mean?

You out here playing yourself, don't become a meme!

Get inside the ring

Man, y'all boys don't wanna hear no ding ding

With which King? Not the hotline bling!
